DESIGN THINKING MEETS DAILY LIVING

We partner with some of the world's most respected designers to create taps and showers that are as thoughtful as they are beautiful. Our collaborations always reflect timeless style, modern lifestyles, and the rituals of everyday life.

CHRISTIAN HAAS, DESIGNER OF THE VEA & CONUM TAPS

ENGINEERED IN GERMANY

Built to last, tested to the highest standards, backed by over 275 years of expertise, every Villeroy & Boch product undergoes extensive performance and durability testing, meeting strict European safety regulations. And for total peace of mind? A 5 year guarantee comes as standard.

FIND YOUR FINISH

From classic Chrome to Matt Black and beyond, our tap and shower collections are available in a range of premium finishes, giving you the freedom to match your space, your style, and your rituals.

CHROME

The cool silvery Chrome finish exercises unique appeal. This metallic highlight coordinates ideally with matt surfaces. Its sheen combines beautifully with natural materials such as light wood, natural stone and tiles in a slate or concrete look.

BRUSHED GOLD

Brushed Gold is the ultimate eye-catcher in the bathroom. Gold doesn't necessarily need to look opulent. It can act as a warm contrast for a feeling of cosiness and homeliness in a room.

BRUSHED NICKEL MATT

A more modern and puristic look is hard to find: Brushed Nickel Matt expresses the softer side of the metallic look. In contrast to Chrome, this finish creates a warm effect. It brings a feeling of peace and a soft shimmer into the bathroom.

MATT BLACK

Matt Black highlights in the bathroom can create a minimalist and modern atmosphere. Creating a striking contrast against lighter-coloured ceramics, black taps can also help wooden finishes really stand out.
